

**FEATURES**

**01 Dual 15 GAL Tanks**

30 gallon spray capacity, featuring new, lighter color tanks for improved liquid visibility.

**02 Up to 8' Adjustable Spray Width**

Stainless steel breakaway boom with hidden plumbing. Nozzles are easy to reach and change—no special tools required.

**03 15' Spot Spray Coil Hose**

15' is standard, with a 75' option available.

**04 120 LB Hopper Capacity**

120-lb hydraulic-driven Spyker® granular system.

**05 Dual High-Density Poly Fertilizer Trays**

Adds 100 LBS of additional granular capacity.

**06 Up to 25' Variable Spread Width**

Stainless steel side deflector offers increased perimeter efficiency and directional control.

**07 Stainless Steel Frame**

Heavy-duty stainless steel chassis is long-lasting and durable to withstand long-term commercial use.

**08 5 GAL Fuel Capacity**

Fuel tank holds up to 5 gallons of fuel.

**09 23.5 HP Engine**

Now featuring the Kawasaki® FX730V 4-stroke, 90-degree V-twin vertical shaft engine with 23.5 horsepower and built-in 30 amp charging system. (21 HP Vanguard® engine option available)

**10 Up to 10 MPH Transport Speed**

Reduce time traveling between properties and back and forth for fill-ups.

**11 120,000 SQ. FT. Per Fill**

Based on using ¼ gallon spray nozzles.

**12 Fits through a 36" gate**

All the power of our larger models but is compact enough to fit through a residential gate.

**13 Foot-Activated Parking Brake**

For brakes that hold (even on hills), our wheel motors have integrated drum brakes on both sides.
