**SG36EV**

## **ALL-ELECTRIC, ZERO COMPROMISES**

The Steel Green SG36EV is a zero-turn electric spreader/sprayer that goes the distance. Its dual 15-gallon liquid tanks and 150-pound electric hopper give you room to do more in less time, and it easily recharges overnight. Despite its high capacity, the SG36EV is compact enough to fit through a 36-inch residential gate. When it comes to maintenance, there's no oil to change, and there's no risk of hydraulic failures or leaks, either. The SG36EV is also very quiet, perfect for sensitive properties and early morning applications. Plus, with a stainless steel frame and exceptional build quality, the SG36EV is built to perform and built to last.

## DIMENSIONS

Width:	36"
Length:	78"
Height:	54"
Front Tire:	16x6.5-8
Rear Tire:	21x7-10
